

The SandenVendo Company
10710 Sanden Drive, Dallas, TX 75238

**TECHNICAL SERVICES
ADVISORY**

To: Distribution

From: Technical Services

Date: 05.23.2017

Subject: How to determine the manufacture date of a piece of SandenVendo equipment.

Remarks: ☒ For Your Review

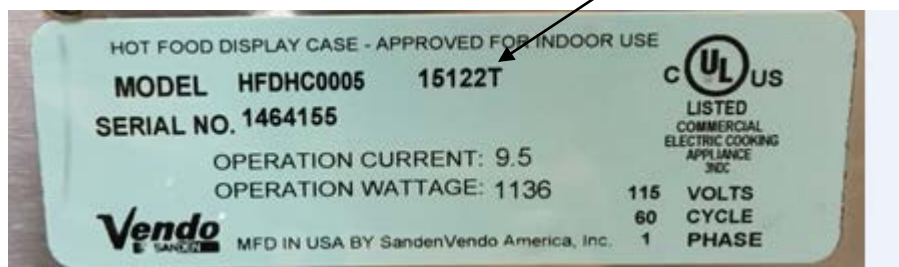

All SandenVendo equipment is shipped with an individual "Data Tag" affixed. The Tag contains information describing the piece of equipment including, but not limited to, the Model Number, Serial Number, Lot Code, electrical requirements and certifications.

The "Lot Code" is the key to the age of the equipment.

- The first two digits are the year of manufacture.
- The second two digits are the month of manufacture.
- The fifth digit is the week of the month of manufacture.
- The final digit is a "T", signifying manufactured in Texas.

See the included example of a HFDHC Data Tag.

This case was manufactured the second week of December 2015
